On the following pages, you'll discover more about the exceptional advantages of abile medical solution – and the multiple benefits of opting for healthcare in that country. But first, we know you'll want the answer to one very important question...

OPERATION ABOARD...WHY?

IT'S THE OBVIOUS QUESTION: Why travel overseas, when there are hospitals a few miles from home?

- Exceptional Healthcare
- Very affordable
- Highly equipped hospital with all modern facility on par with US and Europe
- World renowned doctors and highly specialized medical staff

It's true. There are considerable advantages in traveling abroad for surgery - not least Of which is cost. However cost is not the only factor. No matter how temptingly low the price of a procedure might be, you'll need to be confident of "YES" answers to all the following:

- ⊕ English is the official language in India. It's essential that you can communicate freely With medical and nursing staff
- ⊕ You will be in the hands of a highly skilled private surgeon trained to international high standards or above, and we offer world-class medical facilities you must not settle for anything less
- ⊕ You will be looked after every step of the way: leaving your country, arriving at your destination, during your stay, departing for home and arriving back home?
- ⊕ We will not compromise on comfort, especially after surgery, the amenities offered will be on par with the kind of amenities you're used to?
- ⊕ We assure you about your quality of care?

THIS IS ABILE'S ASSURANCE

QUALITY FACTOR

Quality plays a major role in Abile's healthcare package, from the hospitals to the surgeons, and the skilled professionals providing aftercare. The best international standards will be provided at all times.

OUR MEDICAL TEAMS

All surgeons are highly qualified and experienced; many are leaders in their fields. Most of them have served abroad and have been trained, and they have all undergone a rigorous credentialing process to enable them to practice medicine in the hospitals we choose. All speak English as their first language.

OUR AFTER CARE

Depending on the nature of your surgical procedure, Aftercare includes:

- ☆ Continued physical therapy
- ☆ Nurse visits
- ☆ Dietary and other lifestyle advice to help your recovery
- ☆ Liaison with your doctor to ensure continued progress when you get home
- ☆ Domiciliary aides if required.
- ☆ Wherever possible, these services will be provided in the comfort of your hotel or apartment.

THE CARE FACTOR

Abile medical solutions care goes far beyond a surgical procedure and a hospital stay. We'll be waiting to greet you at the airport in India, and from then on you'll be "One of us", with a dedicated Abile's Patient coordinator to help you.

BEFORE YOU LEAVE HOME

Once you have completed Abile's medical evaluation form and provide us with your diagnostic tests, our medical specialists will review your case, And we will offer you a choice of travel and accommodation options.

HOMeward BOUND

AFTER THE OPERATION

We assure you an affordable high-class accommodation during post operative stay. We'll provide excellent aftercare and physical therapy to help you on your road to recovery. Meanwhile, we'll be liaising with your doctor back home to ensure appropriate follow-up care.

At the end of your stay, we'll drive you back to the airport for your home bound journey. Your doctor at home will have been informed of any after care you might need.

WHY INDIA?

Coming to our country for a medical procedure is, to us, the most obvious choice in the world. The climate is most suited throughout the year; people are very friendly. Indians are very famous for their hospitality. The quality of living has risen to world standards.

COST FACTOR IN INDIA?

The price will be significantly lower than in most other countries, including the US, Canada and Europe. Compare the following two procedures, remembering

that the Abile package includes not only the cost of the operation, but also flights, hotel accommodation, specialist appointments, physical therapy, after-care if required, plus (contingency insurance). Though our price will be dependent on your medical situation and preferred travel arrangements, the examples quoted below are an indicative cost comparison:
